Updates Needed to Measure Judicial Caseloads in Tennessee

A new report shows updates are needed to produce the study state lawmakers consult when allocating resources across Tennessee's 32 judicial districts.

The Tennessee Comptroller's Office is required by law to complete a weighted caseload study to understand how criminal and civil cases impact district attorneys (DAs), public defend-

ers (PDs), and trial court judges each year; however, the Comptroller's Office has not updated the weighted caseload study in several years due to a variety of factors.

Most notably, the weights for the state's trial court judges, which are set by a third-party vendor, were last updated in 2013 and have grown increasingly outdated. The National Center

for State Courts recommends updating the weights every five to seven years. The 2013 weights also fail to account for changes to court operations as a result of the COVID-19 pandemic.

The current weights for district attorneys and public defenders were last updated in 1999 – and the last weighted caseload update

Courts

date for DAs and PDs from the Comptroller's Office was for fiscal year 2006.

In addition to outdated weights, another complicating factor is that some judicial districts have not yet implemented the preferred software needed to upload data from their General Sessions courts into the General Sessions Data Repository, which was created in 2021 to compile data in a single database.

The General Assembly appropriated \$400,000 a decade ago to update the weights for state trial court judges, district attorneys, and public defenders. The weights were not updated for DAs and PDs, however, because of problems with data from the General Sessions Courts. The cost of conducting a new study to create up-to-date weights is likely to be higher than a decade ago.

The Comptroller's new report also analyzes criminal and civil case filing trends from 2016 to 2022. The trend shows a decrease in filings through that seven-year period. County-level data and maps are also included in the new report.

Dock Edward Hoilman Sentenced To 151 Months For Distribution And Possession Of Child Pornography

Dock Edward Hoilman, 64, currently of Kingston, Tennessee, was sentenced to 151 months by the Honorable Katherine A. Crytzer, in the United States District Court for the Eastern District of Tennessee at Knoxville.

As part of the plea agreement filed with the court, Hoilman agreed to plead guilty to an indictment charging him with, one count of distribution of child pornography in violation

of 18 U.S.C. § 2252A(a)(2); and one count of possession of child pornography in violation of 18 U.S.C. 2252A(a)(5)(B) and 2252A(b)(2). Following his incarceration, Hoilman will be on ten years' supervised release, and he will be required to register with state sex offender registries and comply with special sex offender conditions.

According to the filed plea agreement, on May 27, 2022, Hoilman, a former Y-12 IT Systems Administrator with top secret clearance, distributed child pornography videos through the internet to unknown persons. On August 24, 2022, a search warrant was executed on his home. Hoilman was found to be in possession of 14 images and 25 videos of child pornography.

U.S. Attorney Francis M. Hamilton, III of the Eastern District of Tennessee; Inspector General, Teri L. Donaldson, United States Department of Energy, Office of Inspector General (DOE-OIG); and Special Agent in Charge Rana Saoud, of the Department of Homeland Security, Homeland Security

Investigations (HSI) made the announcement.

The criminal indictment was the result of an investigation by the DOE-OIG, HSI and 9th District Attorney General's Office. This investigation was led by DOE-OIG Special Agent Paul B. Gilbride and HSI Task Force Officer Cortney Duggar.

Assistant United States Attorney Jennifer Kolman represented the United States.

This case was brought as part of Project Safe Childhood (PSC), a nationwide initiative launched in May 2006, by the Department of Justice to combat the growing epidemic of child sexual exploitation and abuse. Led by the United States Attorney's Offices and the Criminal Division's Child Exploitation and Obscenity Section, PSC marshals federal, state, and local resources to locate, apprehend, and prosecute individuals who sexually exploit children, and to identify and rescue victims.
