## CDC's National Institute for Occupational Safety and Health's Impact Wellbeing™ Campaign Releases Hospital-Tested Guide to Improve Healthcare Worker Burnout

*Evidence-Informed Resource Helps Hospital Leaders Enact Positive Systems Change in Six Steps*

As part of the first federal campaign to address healthcare worker burnout, the Centers for Disease Control and Prevention's (CDC) National Institute for Occupational Safety and Health (NIOSH)

today released an evidence-informed and actionable guide for the nation's hospital leaders to improve healthcare worker wellbeing – Impact Wellbeing™ Guide: Taking Action to Improve Healthcare Worker Wellbeing. This Guide is the newest addition to the Impact Wellbeing™ Campaign, launched in October 2023, and provides a step-by-step process for hospitals to

start making organizational-level changes that will impact and improve the mental health of their employees.

"The role of healthcare workers in taking care of all of us is absolutely vital to our society, to our economy, and to our culture. But our healthcare workforce needs to feel supported, too," said

### DUI

Christopher Clark, 52, Pine Crest Drive Lenoir City, was charged with DUI, Simple Possession, and Violation of Implied Consent.

Deputy Tony Branson LCSO, was traveling south on Hwy 321 near Jackson Bend Rd towards Lenoir City when he observed a vehicle coming toward the deputy in his lane of travel. The vehicle, a white Ford Taurus operated by Christopher Clark (offender), was northbound in the southbound lanes. Deputy narrowly missed being struck head-on by the offender's vehicle. The deputy activated his emergency equipment,

turned his marked patrol unit around, and then the deputy conducted a traffic stop on the white Ford Taurus.

Upon making contact with Clark, the deputy could smell a strong odor of an alcoholic beverage coming from Clark especially when he spoke. Clark had bloodshot glossy eyes, slurred speech, and was unsteady on his feet as he exited the vehicle. Clark consented to performing SFSTs. Deputy Kenny Palmer conducted the SFSTs. Clark was only able to complete the HGN, and Deputy Palmer advised that Clark exhibited all 6 clues. When asked to perform the Walk and Turn test, Clark

stated that he "couldn't walk a straight line sober." When asked to perform the One Leg Stand, Clark raised one foot behind him and then stated that he was not able to stand on one leg.

Based on the deputy observation of the vehicle in motion, Clark's physical state, and his performance on the SFSTs, The deputy determined that Clark was in physical control of a motor vehicle on a public roadway while under the influence of a drug or intoxicant that impaired his ability to safely operate a motor vehicle. Clark was taken into custody for Driving Under the Influence Third Offense TCA 55-10-401 and read the Implied Consent Advisement TCA 55-10-406. Clark refused to consent to providing a sample. A vehicle inventory revealed that Clark was in possession of 1.68g of

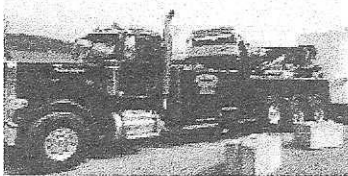

a green leafy substance believed to be marijuana, and an open container of Smirnoff Raspberry Lemonade (8% ABV, 23.5oz) was located on the rear passenger floorboard with a small amount of liquid in the can that was still cold. There was an additional unopened can on the front passenger seat that was cold and had condensation on the outside of the can. Clark was also charged with Simple Possession of Sch VI (marijuana) TCA 39-17-418. Clark has two prior DUI convictions out of Blount County, TN on 6/25/14 and 10/20/14.

Clark was then transported to the Loudon County Detention Facility without incident. Clark was handcuffed behind his back and the cuffs were checked for proper fit before double locking to prevent tightening. All of the above occurred in Loudon County, TN.

**Charged**

Joel Ferrell, 35, Highway 95 N Lenoir City, was charged with Domestic Assault.

Sgt. Cole and, Deputy Branson LCSO, was in the parking lot of the Justice Center when a vehicle approached us in the parking with a female and male. The female stated the male subject wouldn't get out of the truck. Upon requesting information on what was going on with the two individuals. The female, known as the victim, stated that her boyfriend, Mr. Joey Ferrell, swung and hit her with his hand knocking her glasses off of her face. Deputy spoke with Mr. Ferrell, he stated that they worked at Wampler's and had been arguing since getting off work because he wanted to go back into Wampler's to talk with his boss, and he was looking at his phone and the victim went to grab the phone and he jerked his hand back hitting the victim in her face. The victim stated that he went to change the radio channel and Mr. Ferrell said no and he back handed her in the face knocking her glasses off her face. The victim's glasses were observed to be broken and one lens was missing.

John Howard, MD, Director of NIOSH. "The Guide includes six action steps to implement and accelerate professional wellbeing, which enables leaders to make systems-level changes and builds trust between leaders and healthcare workers."

As highlighted in a recent CDC Vital Signs, health workers face a mental health crisis. The realities of our healthcare system are driving many health workers to burn out. They are at an increased risk for mental health challenges and choosing to leave the health workforce early. Leveraging CDC/NIOSH's expertise and leadership in Total Worker Health®, NIOSH and the Dr. Lorna Breen Heroes' Foundation developed the new, free, evidence-informed Guide to help executive-level hospital leaders make powerful workplace improvements quickly,

while taking into account the realities that many hospital systems face when it comes to finding additional time, cost, and staff to implement this work.

"We know hospital leaders have a lot of competing demands and it can be over-

drug paraphernalia. When we arrived at the jail Ms. Burton stated she had something on her person. While being searched at the jail they did locate 2 blue oval pills with the imprint 20 Y identified as Alprazolam 1mg and approximately .7 grams of a clear crystal substance identified as methamphetamine. The total pill count was 12.5 Alprazolam and 2.86 grams of methamphetamine. The driver of the vehicle was released from the scene with a warning for light law this did occur in Loudon County TN.

### Horoscopes

could have you thinking you should go anyway.

**Taurus 4/20-5/20**

Are you feeling a little under the weather, Taurus? You may have been burning the candle at both ends. The obvious tip would be to slow down, but you might feel it isn't possible now. Get as much rest as you can and be sure to eat right.

**Gemini 5/21-6/20**

A long-anticipated visit from a close friend or love partner may have to be postponed, Gemini. This could be rather disheartening. You may fear that the postponement implies that the visit will never happen, but this isn't the case.

**Cancer 6/21-7/22**

Career matters may be put on hold today, as important communications you're expecting fail to come on time, Cancer. As you're anxious to conclude the matters involved, you could make yourself crazy with frustra-

tion. Don't do this.

**Leo 7/23-8/22**

Short trips in your neighborhood may be rendered nearly impossible today by factors above and beyond your control, such as traffic, construction, or both, Leo. If you have errands to run, put them off. If you can, walk or ride a bicycle. If you must go in the car, however, make sure you have your favorite music with you so you can do something while waiting in traffic.

**Virgo 8/23-9/22**

This isn't the day to take care of paperwork, Virgo, particularly if it involves money. Your mental processes are slower than usual, and you may find that you're easily distracted.

**Libra 9/23-10/22**

Communication with partners is likely to be poor to nonexistent today, Libra. This isn't the time to enter into contract negotiations or other discussions that could affect your future in a major

way. The prevailing mood is down, so whatever you decide today is apt to reflect that mood.

**Scorpio 10/23-11/21**

Whatever work you do today could go more slowly than usual, Scorpio, as you're apt to be a bit distracted. You may be preoccupied with the past, especially with feelings and events you thought you'd long forgotten that affect your mood in various ways.

**Sagittarius 11/22-12/21**

Phone calls and emails between you and your friends may get misplaced or otherwise go astray, Sagittarius. A little patience is called for when trying to reach anyone at this time, especially if modern technology is involved.

**Capricorn 12/22-01/19**

Delays and frustrations could plague you throughout the day, Capricorn, especially regarding communications. A young visitor you're ex-

pecting at your home today could be delayed in some way and might not be able to call and let you know. Don't waste any time worrying. Your friend is probably safe and will eventually turn up. Congested traffic and other unforeseen annoyances are probably to blame.

**Aquarius 1/20-2/18**

If you've been thinking about taking a trip, Aquarius, this isn't the day to make plans. Whatever you learn today about airline schedules or hotels may not reflect the situation as it really is. If you wait a few days, things should go far more smoothly. If you already have plans to leave, expect some delays.

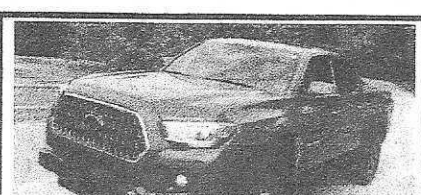

**Pisces 2/19-3/20**

A letter or phone call regarding money that you may be expecting may still not come today, Pisces. This could put you in a panic and cause you to want to phone those responsible to see what's going on. Don't be surprised if you end up playing phone tag.

whelming to know where to start when working to improve professional wellbeing,” said Stefanie Simmons, MD, Chief Medical Officer, Dr. Lorna Breen Heroes’ Foundation and a board-certified emergency medicine physician and healthcare executive. “The Guide provides hospital leaders across the country the tools for putting together a more cohesive wellbeing strategy, allowing them to take stock of where they are now, highlighting some of the missing pieces, and taking action to get to where they want to be.”

The Guide outlines six key steps for hospital leaders to take, which were pilot-tested and refined with a working

group comprised of six U.S. hospitals:

Conduct a review of your hospital’s operations to determine how they support professional wellbeing.

Build a dedicated team to support professional wellbeing at your hospital.

Remove barriers to seeking care, such as intrusive mental health questions on credentialing applications.

Develop a suite of communication tools that help you share updates with your workforce about your hospital’s journey to improve professional wellbeing.

Integrate professional wellbeing measures into an ongoing quality improvement project.
