Study Examines Increased Reliance on Temporary Staff in Long-Term Care Facilities

A new study by the Tennessee Comptroller's Office of Research and Education Accountability examines the use of temporary nursing staff by nursing home and assisted care facilities.

The use of temporary staffing agencies has sharply increased over the last few years due to worsening staffing shortages resulting from the ef-

fects of the pandemic.

In 2019, nursing home facilities reported spending about \$9.8 million for healthcare staffing agencies. This rose to \$16.6 million in 2020 and \$52.5 million in 2021. So far, during the first half of 2022, nursing home facilities have already spent \$52.2 million on temporary staff.

The new study focuses on how these rising

costs for temporary staff may affect the TennCare program. The state government annually administers approximately \$1 billion in funding at nursing facilities and approximately \$12 million for care provided at assisted care living facilities.

TennCare does not foresee that the in-see Study pg. 5

Verse of the Day

And there were shepherds living out in the fields nearby, keeping watch over their flocks at night. An angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were terrified. But the angel said to them, "Do not be afraid. I bring you good news

of great joy that will be for all the people. Today in the town of David a Savior has been born to you; he is Christ the Lord." —Luke 2:8-11

creases in nursing facility expenses for staffing agencies will materially affect the state's overall costs. This is because TennCare reimburses nursing homes for Medicaid patients based on a formula that includes actual staffing costs that occurred in previous years. Reimbursement for FY 2022 is based on FY 2019 costs plus adjustments for inflation. These rates will be redetermined in 2024 based on 2022 costs.

Nursing home facilities say the unexpected spike

in staffing costs during the pandemic has affected their operational stability. Reimbursements may not fully cover the expenditures that nursing facilities made to healthcare staffing agencies during 2020, 2021, and 2022.

The Comptroller's Office report contains further conclusions as well as policy options concerning healthcare staffing agencies in Tennessee and continuing assistance to long-term care facilities.

delightful nature is at its most active. You have the unique capability to be aggressive about getting what you want without disturbing the flow of the energy around you. People respect and honor your sensitive, nurturing qualities. This will win the game for you.

Aquarius 1/20-2/18

The world probably isn't going to revolve around you today, Aquarius, so get used to it. Even though this may not be the news you want to hear, it's probably the news you most need to hear. Use your incredible passion to nurture others. Think less about yourself and more about the people around you, especially your family. Stick close to home and take care of chores.

Pisces 2/19-3/20

Initiate a deep, meaningful conversation with someone you've lost touch with, Pisces. It could be that a long and ugly point of contention is on the brink of resolution. All you need to do is make the first move. There's a great deal of heartfelt, loving energy in the air that will help you foster a sensitive, tender approach. Find a connection with someone that you didn't know was there.

Aries 3/21-4/19

Your transmission may be stuck in reverse today, Aries. This doesn't mean you can't be productive. You may need to change your approach. Carefully assess a situation before you proceed. Someone may be trying to cross

you. Be smart about your rebuttal. Head-on combat isn't the best approach. Try reasoning. You may discover that there are pieces of the puzzle you didn't know about.

Taurus 4/20-5/20

Things should go well for you today, Taurus. There's an added serenity in the air that will help calm your nerves. There's no need to make things more complicated than necessary. The answers to things are actually quite simple. Everything you want is probably right at your fingertips. You don't need to go far to find what you seek.

Gemini 5/21-6/20

It might seem like someone has dumped a bucket of water on your head today, Gemini. It seems like your fire is out. Keep in mind that this is only temporary and that your internal flame will be rekindled soon. For now, you may want to take this time to slow down and relax. Use this as an opportunity to reflect and tune in to your sensitive, caring nature. Let someone else take the reins.

Cancer 6/21-7/22

Tension may run high today as things come to a great emotional climax. It might seem as if everyone is out to get you, Cancer, but more than likely this paranoia is a figment of your imagination. Don't get carried away with crazy scenarios that have no basis in reality. People may be acting irrationally, so don't be surprised if reason and logic are nowhere to be found.

Leo 7/23-8/22

More than likely you will be

caught up in a wildly intense emotional drama if you aren't careful, Leo. Try to stay calm and collected. Find a quiet, solitary place where you can relax. Your energy is there, but it may be more reserved and subtle on a day like this. Be the stable oasis in the raging turmoil. Make peace with the people around you.

Virgo 8/23-9/22

You will find strength in your inner reserves today, Virgo. Don't hesitate to let your deepest thoughts shine through. Keep your antenna up. You will find that there's an electricity in the air that keeps people's emotions at peak level. Follow your instincts and keep in mind that this is probably your best defense against the challenges of the day. Rational thinking is overrated.

Libra 9/23-10/22

You may feel a bit sluggish today, Libra. Your warrior spirit would rather stay home on the couch than get up and fight. This is fine. You may simply need a break from your quest for world domination. Remember that a good leader also takes the time to sit back and reflect on recent events in order to make better plans for the future.

Scorpio 10/23-11/21

Your sensitivity is strong today, Scorpio. You will find that your perception of situations is right on target with the truth of the matter. Keep in mind that in order to be successful, you won't need to strong-arm anyone into doing what you want. More than likely you will be able to accomplish more just by tuning in to your receptive, gentle nature.

Sagittarius

11/22-12/21

You may feel a bit confused today. It might seem as if the wind has suddenly been taken out of your sails. Don't get discouraged by the slow weightiness of the day. Take the opportunity to relax and recharge your batteries. Do a bit of inward reflection as opposed to outer-directed movement. The most valuable lesson to learn is patience. Remind yourself of this throughout the day.
