Former Clay County 4-H Leader Kept Personal Pigs on County Property

An investigation by the Tennessee Comptroller's Office has reviewed the operations of the Clay County 4-H Youth Development Program. The program is offered by the University of Tennessee's Institute of Agriculture under the Clay County UT Extension Office.

The investigation primarily focused on a former Clay County UT Extension Office

Director who, upon his retirement from that position, went to work for Clay County government as the 4-H Program Assistant for a swine show in 2017 and then continued his employment.

Investigators determined that Clay County resources and utilities were used without authorization to shelter and maintain the 4-H Program Assistant's personal livestock. He

raised sows and bred show pigs at the Clay County Fairgrounds and sold piglets to parents of 4-H youth members.

In 2022, county officials asked the 4-H Program Assistant to remove his livestock from the fairgrounds. After the pigs were removed, it was discovered that livestock equipment including

Daryl Vaughn, 47, Homeless Lenoir City, was charged with Man/Sell/Del/Resale Sch. VI, and Identity Theft.

Officer R. Miller, with the Lenoir City Police Department, was conducting traffic enforcement in the area of Highway 321 near Interstate 40 located in Lenoir City, TN. While conducting traffic enforcement in the area, Officer observed a gold in color Ford sedan traveling south on Highway 321. While observing the vehicle Officer noticed that the rear passenger side brake light was not functioning. A traffic stop on the Ford sedan was then conducted in the parking lot of Loves Truck Stop in Lenoir

City, TN. As Officer exited his fully marked patrol unit to make my initial contact with the Ford sedan the front seat male passenger quickly exited the vehicle with a blue drawstring bag and appeared to be physically nervous. Officer advised the male to have a seat back in the vehicle at which time he did. Officer then made contact with the driver and a male passenger. While speaking with both subjects I could smell what appeared to be a faint odor of marijuana emitting from inside of the vehicle. I then had the driver step out of the vehicle to speak with her about a citation. While speaking with the driver officer noticed that the male passenger removed the blue drawstring bag from

his back and place it in the area of his lap. The driver did give verbal consent to search her vehicle. Officer then had the male subject step out of the vehicle where he detained him due to providing false identification. As the male subject stepped out of the vehicle, Officer noticed a strong odor of marijuana emitting off his person and also noticed an abnormally large bulge in the front of his pants where the male stated "it was a little bit of

wet weed". Officer was able to recover the blue bag from the front of his pants. Contained inside of the blue bag was a McDonalds bag that contained a large amount of a green leafy substance believed to be marijuana. The approximate weight of the green leafy substance along with the McDonalds bag was (261 grams) which is roughly (9.2 Ounces). **THIS INCIDENT DID TAKE PLACE IN LOUDON COUNTY, TN.**

Trouble

Daniel Langley, 30, Mealer Road Lenoir City, was charged with DUI, Violation of Implied Consent, Driving on Revoked/ Suspended License, and Evading Arrest.

Deputy Davis LCSO, responded to Mealer Road. In reference to a welfare check. Upon arrival, Deputy made

contact with the complainant who advised at approximately 1940 hours, he heard a male and a female arguing from the residence across the street at Mealer Road. Complainant stated he observed a male and a female go behind the house, and shortly after heard the female scream. Complainant advised he called 911 shortly after. Cor-

poral Wallen, Deputy Parks, and Davis attempted to make contact with the male and female at Mealer Road. As they approached, Deputy observed a male on a blue and orange motorcycle drive from behind the residence and across the neighbor's yard to the road. I attempted to get the attention of the male by flashing my flashlight at him. The male failed to stop and sped off onto Highway 70 towards Lenoir City. Deputy Parks attempted to locate the male but was unsuccessful. Corporal Wallen and Davis attempted to make contact with the female at the residence, but she refused to come and speak with them. Shortly after, the male returned to the residence. Deputy yelled at him to stop but proceeded to speed off again onto Highway 70. Officer Tatham from the Lenoir City Police Department advised he observed a blue and

orange motorcycle on the shoulder of Highway 321 and Highway 11. Officer Tatham advised a male ran off into the woods when he approached. The male was later identified as Daniel Langley. He was located and taken into custody. Deputy made contact with Daniel. Deputy read Daniel his Miranda rights and he consented to speaking with him. Daniel stated when he saw deputies approaching the residence, he feared he was "in trouble," so he fled the residence on his motorcycle. While speaking with Daniel, the deputy observed that he had very constricted pupils and was very lethargic with his movements. A search of his person did not produce any evidence of illicit substance use however Daniel did consent to conducting the standardized field sobriety test. Daniel conducted the

standardized field sobriety test in the Sally port of the jail. During the horizontal gaze nystagmus test, Daniel showed clues such as lack of smooth pursuit in both eyes, distinct and sustained nystagmus at maximum deviation in both eyes and the onset of nystagmus prior to 45 degrees in both eyes. During the walk and turn test, Daniel showed clues such as failing to keep his balance during the instruction phase of the test, starting the test too soon during the instruction phase, missing heel to toe, and using his arms for balance. Daniel showed no clues on the one-leg stand test. Daniel also consented to conduct the advanced roadside impaired driving enforcement test. Daniel showed a lack of conversion in both eyes. Deputy observed Daniels's eyelids tremoring during the modified Romberg balance test. Daniel showed no clues on the finger-to-nose portion. From my training and experience, Deputy believe Daniel was under the influence of possibly a narcotic analgesic and a central nervous system depressant and was unfit to operate a motor vehicle safely. Daniel was charged with driving under the influence. Deputy read Daniel the implied consent law, and he denied consent to providing a sample. Daniel later stated he "would fail for dope." Daniel was also charged with driving with a revoked driver's license. This incident occurred in Loudon County Tennessee.

numerous gates, self-feeders, PVC pipe waterers, and fencing t-posts belonging to the Clay County government had gone missing from a barn at the fairgrounds.

Investigators have also

questioned the 4-H Program Assistant's reported work time with the county. Although he regularly reported 40 hours per week on his time records, he did not regularly assist with the 4-H Program or work from the Clay County UT Extension Office. There is a lack of sufficient evidence reflecting his whereabouts and activities during the hours reportedly worked and compensated.

The investigation also found that while working as the Clay County UT Extension Office Director, he made personal purchases of livestock feed using the extension office's checking account.

The 4-H Program Assistant resigned from his position in July 2022. The results of the Comptroller's investigation were communicated with the

Office of the District Attorney General of the 13th Judicial District.

"In addition to ensuring that employees are properly supervised, Clay County should also take steps to improve its process for reimbursing employees," said Comptroller Mumpower. "Some reimbursement requests were submitted as many as 165 days after the expenses were incurred which could be viewed as unsubstantiated within a reasonable time under IRS regulations. These reimbursements should, therefore, have been treated as compensation, which is subject to tax withholdings and should be reported on the employee's Form W-2."
