the Eastern District of Tennessee. Upon her release from the Bureau of Prisons on October 8, 2020, Bethea began serving a term of supervised release that required her to submit truthful monthly reports to her supervising probation officer.

On March 29, 2021, Bethea obtained a fraudulent Payroll Protection Program ("PPP") loan in the amount of \$20,805. The fraudulent PPP loan application stated that Bethea had made

\$99,835 during calendar year 2019 (a year when Bethea was in prison), falsely claimed that Bethea had not been convicted of any fraud offenses during the past five years and attached a fraudulent income tax Schedule C as proof of her claim that she made \$99,835.

A PPP loan was approved based on Bethea's fraudulent application, and Bethea received \$20,805 on April 15, 2021. Bethea used a portion of the fraudulent loan proceeds to pay for a five-day junket at a resort in Sunny

Isles Beach, Florida. She also used some of the fraudulent loan proceeds to pay for an elective cosmetic surgical procedure in Florida while there.

Upon her return to Tennessee, Bethea then submitted a false monthly supervision report to her probation officer for the month of April 2021. In that report, Bethea falsely claimed she had only received \$200 during the month of April, falsely claimed she had no expenses of more than \$500 (even though she paid more than that amount to the Sunny Isles Beach re-

sort and the plastic surgery practice while in Florida), and falsely stated that she had not travelled out of the state of Tennessee during the month of April 2021.

U.S. Attorney Francis M. Hamilton III of the Eastern District of Tennessee; and Resident Agent in Charge Jason B. Brown of the United States Secret Service made the announcement.

This prosecution was the result of an investigation by the United States Secret Service. This investigation was led by Senior Special Agent Thomas Whitehead.

last few months, don't wait any longer to do something about it. Things aren't going to get better all by themselves. You need to remold your reality to fit your goals and aspirations. This would be a perfect day to ask for a raise if you feel you deserve one.

Pisces 2/19-3/20

What meticulousness, Pisces! You may feel a sudden, urgent need to take a close look at your financial situation, wardrobe, cupboards, or car. List the things you need to do in order to fix them over the next few days. You're going to spend your day taking inventory in your life. Why not? It's important to get a really good look at the reality of things occasionally.

Aries 3/21-4/19

You may be courting your lover today, Aries. Whether you're in a relationship or starting one, you're in the mood to seduce your partner with a touch of sophistication. It's time to add to your natural charm - a seductive new scent, attractive outfit, or new haircut. Sometimes changing your appearance makes deeper personality changes than you expect.

Taurus 4/20-5/20

You will get the most satisfaction today through your activities with others, Taurus. So you should take the initiative and propose something you and your friends could do together. Be creative and think of something unusual, perhaps an outdoor activity like horseback riding, hiking, or an outing to an amusement park. Your friends will appreciate the thought you put into it.

Gemini 5/21-6/20

Gemini, today you will be

like a good-luck charm to your family and friends. It's up to you to motivate people to get going and have fun together. Show them your enthusiasm for life. Anyone would be extremely lucky to cross your path today. Your world is full of joy, creativity, and laughter. You're a real inspiration to the people around you.

Cancer 6/21-7/22

If you can't feed your artistic tendencies in the work you do, today is a good day to create a better balance and make your days more satisfying. Art isn't just for artists, Cancer. All you have to do is take the initiative to create something and you will see just how good it feels. Have you ever thought about writing a children's book? This is one idea, considering the planetary aspects.

Leo 7/23-8/22

Regardless of your gender, why not show a bit more virility in your relationships and actions? If you're dominated by your emotions, the day could be extremely trying for you. Protect yourself from your anxieties by talking things over with a friend or someone else close to you. This will help take some of the pressure off - that is, if that person knows how to be discreet.

Virgo 8/23-9/22

Today you may feel a lot more energetic after a tiring past few days. When you're feeling good, everything's fine. You're feeling motivated again to get down and tackle the work that's waiting for you. If you have time to make some calls, don't be afraid to look for new prospects, because today promises some very beneficial partnerships in your professional or even spiritual life.

Libra 9/23-10/22

It may be difficult to get people to listen to you at the moment, Libra. The people around you may even be annoyed at hearing all of your new ideas. The stars are pushing you to change your tactics before you alienate everyone. You won't get anywhere unless you're cleverer about getting your ideas across. Be subtle and you will have more success.

Scorpio 10/23-11/21

You may not have been taking very good care of yourself lately, Scorpio. The planetary aspects are encouraging you to be a little more disciplined in your lifestyle. Don't overwork, don't drink too much coffee, and try to eat lighter meals. Anything you do for yourself today could have very quick, healthy effects. Think about this as you go for a run at lunchtime or go to bed early tonight.

Sagittarius

11/22-12/21

What would happen if you decided to take care of yourself today, Sagittarius? This is what the planets are trying to tell you. You need to relax, to let yourself be taken care of, and close your eyes and dream. Leave the daily tasks behind. You need peace and quiet. Lie down and release all your worries. You don't need to act and you don't need to react. Just relax.

Capricorn 12/22-01/19

This is an intense phase of interior modification, both physically and psychologically. Don't hesitate to padlock your refrigerator and avoid your favorite stores, Capricorn. You need to exert a bit more self-control as far as eating or spending is concerned if you want to get back into shape physically and mentally. Have you been overdoing it a little lately? Perhaps you regret it now.
