CDC warning increase in U.S. tuberculosis cases

According to a recent report from the Centers for Disease Control and Prevention (CDC), Tuberculosis cases have increased for the second year in a row.

During the early COVID-19 pandemic (2020), U.S. incidence of reported tuberculosis (TB) substantially

declined. Incidence partially rebounded in 2021 but remained lower than incidence during prepandemic years.

During 2022, reported TB incidence increased slightly. Among non-U.S.-born persons with TB, the proportion who had recently arrived in the Unit-

ed States increased. Higher TB incidence among American Indian or Alaska Native and Native Hawaiian or other Pacific Islander persons compared with other race and ethnicity groups represents an ongoing health disparity.

Angela Glass, 43, Cozumel LAGUNA BEACH, was charged with Evading Arrest, Disorderly Conduct, and Obstructing Highway/Passageway.

Deputy Sartin LCSO, was dispatched to a Suspicious Person/Vehicle call on Hwy 95 in Lenoir City. The caller stated that a white vehicle drove through multiple yards after leaving flowers on their neighbor's porch. Minutes later Sgt Hamilton with LCPD was flagged down by a concerned citizen and reported that he was being

followed by a female who shook a bouquet of flowers at him. The description he gave matched the suspicious person call that Deputy Sartin was dispatched to. Sgt. Hamilton made contact with the Offender, later identified as Angela Glass. Sgt. Hamilton sent Glass on her way and advised that she was having mental problems. Minutes later Sgt. Hamilton came across Glass who was parked in the middle of 1st Ave at A Street, obstructing traffic. Sgt. Hamilton ordered Glass to park in a parking spot if she was going to

stop and sent her on her way again. Minutes later LCPD was dispatched to The Good Samaritan Center, regarding Glass making homicidal threats at the business. Deputy was 1 block away and followed Glass as information about the call was being dispatched. Glass pulled over to a parking spot on Broadway and blocked the road while she simultaneously yelled and pointed at me as he drove past. Glass pulled back out onto Broadway and Deputy traffic stopped her at the Young Life on Broadway. When Deputy approached the vehicle Glass stated that she was a presidential candidate and was doing work that Deputy was not qualified to talk about. Glass was also on the phone with a police department in Missouri, who told her to talk to the officer that pulled her over. Deputy

briefly spoke to Glass and she rolled up the window, Deputy told her that she was not free to leave, and she drove off from the traffic stop. Deputy pursued Glass who was eventually stopped on Hwy 11 at Highway 321. When Deputy exited his patrol car, Glass stepped out of her car. Glass turned towards the Deputy and he ordered her to turn away from him. Glass got back into her car and locked the doors. Deputy deployed spike strips underneath the car to prevent Glass from evading again. Multiple officers from LCPD and LCSO arrived and boxed in the vehicle. Glass rolled the window down and Deputy opened her door and took her into custody. Glass was transported to the Loudon County Jail. Said events occurred in Loudon County, TN.

CDC

Tuberculosis (TB) is caused by a bacterium called *Mycobacterium tuberculosis*. The bacteria usually attack the lungs, but TB bacteria can attack any part of the body such as the kidney, spine, and brain. Not everyone infected with TB bacteria becomes sick. As a result, two TB-related conditions exist: latent TB infection (LTBI) and TB disease. If not treated properly, TB disease can be fatal.

Symptoms of TB disease depend on where in the body the TB bacteria are growing. TB bacteria usually grow in the lungs (pulmonary TB). TB disease in the lungs may cause symptoms such as

- a bad cough that lasts 3 weeks or longer
- pain in the chest
- coughing up blood or sputum (phlegm from deep inside the lungs)

Other symptoms of TB disease are

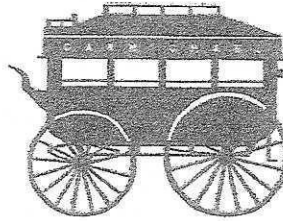

- weakness or fatigue
- weight loss
- no appetite
- chills
- fever
- sweating at night

Symptoms of TB disease in other parts of the body depend on the area affected.

People who have latent TB infection

- do not feel sick,
- do not have any symptoms, and
- cannot spread TB to others.

Horoscopes

accept, Aries. Concentrate on seeing people who share your interests. This may bring new friends your way, as well as opportunities to expand your horizons. Romance looks great now: Taurus 4/20-5/20

Unexpected visitors could wake you up to the possibility of new work opportunities, Taurus. This could advance your current job or be work you can do on your own - maybe on a volunteer basis. Whatever it is, you will probably find it exciting. You might even be impatient to get on with it. Pace yourself. If you tire yourself out, you won't be able to continue.

Gemini 5/21-6/20
If you aren't romantically involved, an errand, walk, or other foray into your neighborhood might bring an exciting new person into your life. This encounter may or may not lead to something lasting, Gemini, but you will enjoy it anyway! If you're currently involved, a casual outing with your partner could result in intimate conversations that bring the two of you closer.

Cancer 6/21-7/22
Money that you may have been hoping to use to better your living or working condition could suddenly come your way today, Cancer. Ideas for how to

put it to work in the most efficient, satisfying way could pop into your mind quickly. You will probably want to write them all down, consider your options carefully, and then choose the ones that suit your needs best. Go to it. Leo 7/23-8/22

When you run errands today, check the bulletin boards in local businesses. You may have been longing for adventure and dreaming about getting away from it all, Leo, but today you might find the excitement you crave right in your community. New events, people, and businesses that you will enjoy could be moving in. You might also discover a group that shares one of your interests. Virgo 8/23-9/22

Information received today excites your imagination and encourages you to start a new artistic or creative project, Virgo. Stories, pictures, abstract concepts - all could come together in your mind and form an inspired idea that could change your life. Gird your loins, write down your thoughts, and see where it all takes you. You might be surprised by what you produce!

Libra 9/23-10/22
Adventure is the word for today, Libra. A lot of physical and mental energy, as well as enthusiasm, might lead you to aim for goals that others consider too risky or unrealistic. Don't let their opin-

ions stop you. After giving each idea an objective assessment, if you still believe you want to try, start looking into it seriously. People have probably made stranger dreams than this come true!

Scorpio 10/23-11/21
New career goals may come your way with the current aspect, Scorpio, opening up possibilities you may not have considered. This could be very exciting. It might even work toward the fulfillment of childhood dreams that you abandoned long ago. They may involve the arts, modern technology, or both. The only downside is that you might work too hard and get exhausted. Pace yourself.

Sagittarius 11/22-12/21
Fascinating new information could arrive today from TV or the Internet, opening up new educational opportunities. The possibility of making contact and perhaps visiting new friends in other countries might come to your attention. You will probably find this very exciting, Sagittarius, and make plans immediately. This is fine, but be careful to consider all contingencies. Be practical and objective.

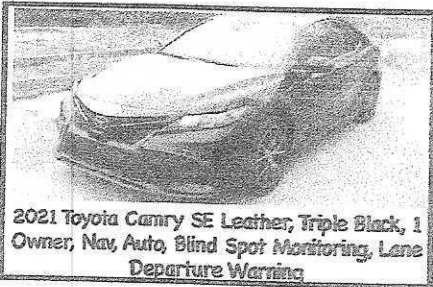

Capricorn 12/22-01/19
A sudden burst of physical energy and determination could lead to additional income for you, Capricorn.

This is probably due to an unexpected opportunity to do some extra work outside the scope of your usual employment. It could also be a long overdue payment for past work. You could also receive acknowledgement of some kind for work well done, further firing your enthusiasm. Go for the gold!

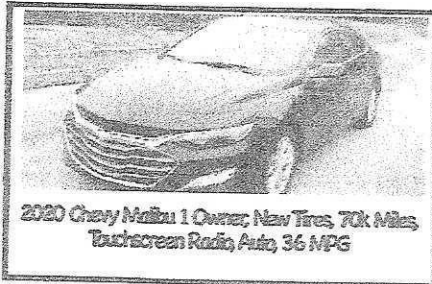

Aquarius 1/20-2/18
Friends or a group with which you're affiliated could propose a trip. This might seem like a great adventure, Aquarius, so you're likely to go for it. You will probably have a wonderful time. You might make some new friends while you're away, or even fall in love. A little break might fire your enthusiasm for pursuing career or educational opportunities when you return. Go for it!

Pisces 2/19-3/20
An opportunity to do some extra work outside the scope of your regular job could present itself to you. Take it, Pisces. Not only could you earn some extra money but you might also open new doors that expand your professional horizons. The only danger is that you might work too hard and tire yourself out. It's OK for a while, but don't make a habit of it. You need to conserve your strength.
