CDC Recommends Updated COVID-19 Vaccine for Fall/Winter Virus Season

CDC recommends everyone 6 months and older get an updated COVID-19 vaccine to protect against the potentially serious outcomes of COVID-19 illness this fall and winter. Updated COVID-19 vaccines from Pfizer-BioNTech and Moderna will be available later this week.

Vaccination remains the best

protection against COVID-19-related hospitalization and death. Vaccination also reduces your chance of suffering the effects of Long COVID, which can develop during or following acute infection and last for an extended duration. If you have not received a COVID-19 vaccine in the past 2 months, get an updated COVID-19 vaccine to protect yourself this fall and

winter. The virus that causes COVID-19 is always changing, and protection from COVID-19 vaccines declines over time. Receiving an updated COVID-19 vaccine can restore protection and provide enhanced protection against the variants currently responsible for most infections and hospitalizations

see CDC pg 5

Carrie Bachand, 41, Clear Branch Road Knoxville, was charged with DUI, and Violation of Implied Consent.

According to the report, Deputy Watson LCSO, observed a blue Nissan SUV turn into a Two Rivers Church Kingston Pike near the Knox County line. The vehicle abruptly stopped and exited the parking lot when it observed his vehicle parked in the parking lot. Officer observed the vehicle turn onto a street across from the church and pull into a closed business before returning to Kingston Pike. Deputy pulled out behind the vehicle and observed the vehicle hit the curb. Deputy stopped the vehicle at the Ace Hardware located on Kingston Pike at Shipley Road. Upon

approaching the driver side of the vehicle, Deputy made contact with Carrie Bachand (Offender/Arrestee) in the driver seat, she was the sole occupant of the vehicle. Ms. Bachand had bloodshot eyes and the deputy detected an odor of an alcoholic beverage emitting from inside the vehicle.

When the deputy asked Ms. Bachand where she was coming from and where she was headed, she became confused and first stated she was coming from her residence inside Knox County. Later, Ms. Bachand stated she was coming from a restaurant/Bar inside Knox County but she could not give a name of the restaurant or a location. Ms. Bachand stated that she had a drink at approximately 2100 hours but had not drank since. Deputy asked Ms. Bachand to exit her ve-

hicle and stand in front of his patrol vehicle. Ms. Bachand exited her vehicle and began walking toward the driver side of my vehicle. Deputy redirected Ms. Bachand to the front of his vehicle. Ms. Bachand stated that she would not perform field sobriety.

While speaking to Ms. Bachand, the deputy detected a strong odor of an alcohol-

ic beverage on her breathe. Deputy placed Ms. Bachand into custody under the suspicion of Driving Under the Influence.

Ms. Bachand was read implied consent and refused to provide a sample. Ms. Bachand was transported to the Loudon County Jail without incident.

This did occur in Loudon County, TN.

Taquan McCray, 271 Champaign Street Taylor MI, was charged with Simple Possession x3.

David Collins, 27, Wisconsin Street Detroit, was charged with Simple Possession x2.

Officer R. Miller, with the Lenoir City Police Department, was in the parking lot of Highway 321 (Exxon Gas Station) in Lenoir City, TN. While conducting his business at the gas station Officer observed a gray in color Chrysler minivan parked directly in front of the establishment's front doors. The minivan appeared to be running and had two subjects both in the driver's seat and passengers' seat of the vehicle. Both of the subjects appeared to be

slouched over. Officer spoke briefly with the clerk who was working at the gas station who stated the minivan had been there for a while and had been running the entire time. As officer exited the establishment, he walked up to the minivan to conduct a welfare check. As Officer was knocking on the window to check the welfare of the subjects, he could smell a strong odor of marijuana coming from inside of the vehicle.

After knocking a couple times, the officer was able to wake the driver up. The driver appeared to be lethargic and confused as he woke up and rolled the window down. As the window was rolling down the odor of marijuana became stronger. Officer advised both the driver and passenger that he was conducting a welfare

check due to the circumstances presented and due to the fact that we have had several nonfatal overdose cases in gas station parking lots.

During the probable cause search of the vehicle, Officer located (2) bags containing a green leafy substance believed to be marijuana on the driver's side of the vehicle - approx. (4.73 grams) along with (1) white pill with the imprint of (GG 249) - Alprazolam and

(1) blue pill with the imprint of (M 30) - Oxycodone. Located on the passenger's side of the vehicle was (2) small bag containing a green leafy substance believed to be marijuana - approx. (3.92 grams) along with (1) pink pill with the imprint of (K 56) - Oxycodone. There was no prescription located inside of the vehicle for any of the prescription pills. - MCCRAY was the driver

CDC

in the United States. Last season, those who received a 2022-2023 COVID-19 vaccine saw greater protection against illness and hospitalization than those who did not receive a 2022-2023 vaccine. To date, hundreds of millions of people have safely received a COVID-19 vaccine under the most intense safety monitoring in U.S. history.

Most Americans can still get a COVID-19 vaccine for free. For people with health insurance, most plans will cover COVID-19 vaccine at no cost to you. People who don't have health insurance or with health plans that do not cover the cost can get a free vaccine from their local health centers; state, local, tribal, or territorial health department; and pharmacies participating in the CDC's Bridge Access Program. Children eligible for the Vaccines for Children program also may receive the vaccine from a provider enrolled in that program.

"We have more tools than ever to prevent the worst outcomes from COVID-19," said Director Mandy Cohen, M.D., M.P.H. "CDC is now recommending updated COVID-19 vaccination for everyone 6 months and older to better protect you and your

loved ones."

This is the first fall and winter virus season where vaccines are available for the three viruses responsible for most hospitalizations – COVID-19, RSV, and flu. In addition to safe, updated COVID-19 vaccines, at-home tests for the virus can identify infection so you can protect your family, coworkers, and the general public. If you do get sick, talk to your doctor about proven, effective treatments that can reduce the risk of severe illness, hospitalization, and death.

For more information on updated COVID-19 vaccines visit: Coronavirus Disease 2019 (COVID-19) | CDC

Horoscopes

easy.

Libra 9/23-10/22

A decision may need to be made today that requires logic and practicality, Libra. You might find that your feelings get in the way. Don't fight it. Sometimes it's best to step back and discern why your emotions are interfering. Is there a hidden factor you may not be considering?

Scorpio 10/23-11/21

Today a charismatic, artistic woman could visit your home, Scorpio. She could have a lot of ideas to discuss, perhaps proposing that you work on a project together. This might be a good idea, but don't commit to it now. Your friend has a way of getting people all excited and clouding their judgment.

Sagittarius 11/22-12/21

Stress could have you feeling a little out of sorts by the end of the day, Sagittarius. You might have been considering going out for the evening, but it might be better if you put off those plans and stay home and rest. Take a walk to a takeout place and get some dinner, then relax with a funny video.

Capricorn 12/22-01/19

Have you recently purchased something you wanted that's more of a luxury than a necessity? Today you might feel guilty about it. It may

have temporarily strained your budget. Don't even think about taking it back! Sometimes luxury items can lift the spirits

Aquarius 1/20-2/18

Attempts to balance emotions with logic may not succeed today, particularly where family is concerned, Aquarius. Members of your household may be upset, and you might not be able to cheer them up. Perhaps all you can do is leave them alone for a while to think. Only they can understand their feelings and discern the right way to proceed.

Pisces 2/19-3/20

You might do some writing today, Pisces, perhaps creative or letters. Whichever it is, you might find that all that comes out are gloomy accounts of whatever's happening now. This may not reflect your true state of mind. If you can't come up with anything pleasant to write about, perhaps you'd better wait until later!

Aries 3/21-4/19

A friend may have some outrageous, unworkable ideas for making money, Aries. No matter what they involve, you'll probably start by listening just to be polite and then end up wondering if your friend is still on this planet. This isn't a good day to get involved in anything risky. If asked, make your excuses.

Taurus 4/20-5/20

Career matters might be very

stressful today, Taurus. Your generally penetrating mind is clouded by strong feelings about whatever you're doing and confused by differences of opinion among your colleagues. This could drive you crazy. Relax! The world won't come to an end if everything you need to do isn't done today.

Gemini 5/21-6/20

Some new concepts involving the sciences that you're trying to study may be difficult, Gemini. You might be a little impatient with yourself, viewing this confusion as a symptom of mental dullness. These ideas could just be new to you. Don't be afraid to ask someone to explain things.

Cancer 6/21-7/22

Some vivid dreams could shed light on something you've been trying to find, Cancer. This could be a lost object or an obscure piece of information. Whatever it is, you might wake up with some new ideas on where to look for it. Chances are it's hidden in an obvious place full of similar things.

Leo 7/23-8/22

A social event could put you in touch with a magnetic woman who has a lot of interesting stories to tell, Leo. She probably exaggerates, so don't take every detail as fact, but you'll enjoy meeting her anyway. Don't commit to any proposal that you and she work on a project together. She can be very convincing, but you'll need to think about it carefully before deciding.
