CDC launches new effort aimed at strengthening survival and recovery rates for all sepsis patients

The Centers for Disease Control and Prevention (CDC) is launching the Hospital Sepsis Program Core Elements to support all U.S. hospitals in ensuring effective teams and resources are in place to be able to quickly identify sepsis and save more lives. This new, critical resource is intended to help hospitals implement, monitor, and optimize sepsis programs and improve survival rates. CDC's latest survey of 5,221

hospitals found 73% report having sepsis teams, but only half (55%) report that team leaders are provided with dedicated time to manage sepsis programs.

"Sepsis is taking too many lives. One in three people who dies in a hospital has sepsis during that hospitalization. Rapid diagnosis and immediate appropriate treatment, including antibiotics, are essential to saving lives, yet the challenges of awareness about and recognition of sepsis are

enormous. That's why CDC is calling on all U.S. hospitals to have a sepsis program and raise the bar on sepsis care by incorporating these seven core elements," said CDC Director Mandy Cohen, M.D., M.P.H. "Seven elements provide an organizational framework and key concepts that guide hospitals as they work to improve early recognition and treatment to save lives."

Don't act impulsively today, Libra. It can be easy to confuse this with spontaneity, but one has more

Charged

Jamie Anderson, 38, Finley Drive Lenoir City, was charged with, DUI, Violation of Implied Consent, and Child Abuse/Neglect Endangerment.

Officer Carroll LCPD, was dispatched to the area of Finley Drive on a Welfare check. Upon my arrival, officer observed a white Kia Telluride displaying TN tag# 266BLPV pulling in, and out of the driveway at Finley Drive. Upon speaking with the driver, who was identified as Jamie Renee Anderson, officer noticed a strong odor of alcohol emitting from the vehicle. Ms. Anderson also had watery, bloodshot eyes,

and slurred speech. The officer asked Ms. Anderson if she had anything to drink, to which she stated "earlier today." Officer then asked Ms. Anderson if she would be willing to perform Standardized Field Sobriety testing to which she refused at first, but then advised she would.

During the Horizontal Gaze Nystagmus, Ms. Anderson did have lack of smooth pursuit, Nystagmus at Maximum Deviation, and Onset Nystagmus prior to 45 degrees. During the Walk and Turn, Ms. Anderson used her arms for balance, stepped off line, missed heel to toe, and had issues keeping her balance during the instructional phase. During the One-leg stand, Ms. Anderson

had issues listening to my instructions, and kept putting her foot down. Ms. Anderson was placed into custody for DUI. While in custody, the officer did read Ms. Anderson Implied Consent to which she refused. Ms. Anderson had her 3 year old son in the vehicle with her. Her son was not buckled in his seat, and was observed moving back and forth from the passenger seat to the back seat while Ms. Anderson was pulling in and

out of the driveway at Finley Dr. Due to Ms. Anderson being Under the Influence, and her son not being secured correctly in the vehicle, Ms. Anderson was also charged with child neglect.

The son was left with the neighbor per Ms. Anderson's approval, and her vehicle was left on scene at Finley Drive secured. Ms. Anderson was transported to the Loudon County Jail without any further incident.

Stephanie Haley, 32, Highland Road Maryville, was charged with DUI, Simple Possession, Poss. of Drug Para., and Contraband in Penal Institution.

Deputy K. Kirkland LCSO, was dispatched to the 7800 block of Ford Rd regarding a wreck with no injury. On arrival, Deputy met with Stephanie Haley, the driver and sole occupant of the vehicle. Deputy ensured Stephanie was not injured and she declined an ambulance. Stephanie spontaneously stated that "she is not one to do this", and when the deputy asked, "Do what?" she stated, "I'm not one

to drive under the influence." Stephanie also stated she was not going to lie to me and stated that she has had too much to drink. Stephanie was under the impression she was 1/2 a mile from US 129. She further stated she was drinking at Windy City Grille. The Windy City Grille is on US-411 in Blount County and approximately 22.5 miles from the location she had wrecked. When asked again, She thought she was 1/2 - 2 miles away from the Windy City Grille. Stephanie stated she had been drinking Twisted Teas. Stephanie consented to perform SFSTs. Stephanie had a lack of smooth pursuit in both eyes and

distinct and sustained nystagmus in both eyes. On the Walk and Turn test, Stephanie missed heel to toe, used her arms for balance, took 18 steps down, made an improper turn, started counting at 11, and continued walking until she got to 27. On the One Leg Stand, Stephanie swayed, used her arms for balance, and put her foot down. Stephanie was read implied consent and agreed to a blood draw. Stephanie was transported to Fort Loudon Medical Center for a blood draw and

then to the jail. Once at the jail, CO Frye stated she asked Stephanie questions regarding being in possession of any drugs, drug paraphernalia, or any weapons and Stephanie stated no. Deputy left the jail and was called back by Sgt. Brannon. CO Netherton was searching Stephanie's purse and found 4 plastic baggies, 2 of which contained suspected drug residue, 1 was empty, and the other contained a possible psychedelic mushroom according to Stephanie.

Stalking

Steven Stringer, 22, B Street Lenoir City, was charged with Aggravated Assault, and Aggravated Stalking.

James Robinette, 19, Friendship Road Lenoir City, was charged with Stalking.

Deputy Davis LCSO, responded to Martel Road. In reference to a harassment. Upon arrival, Deputy made contact with the victim. who advised she has been getting stalked by her ex-boyfriend Steven Stringer and his friend James Robinette. Victim advised an older silver dodge ram 1500 with a don't tread on me flag and a trump flag hanging in the bed of the truck has been driving in front of her house and revving the engine approximately 3 to 4 times a week. Victim stated this has been a regular

occurrence for the past 4 to 5 months. Victim stated the owner and driver of the vehicle is James and the passenger is Steven. Victim advised she is in fear for her safety, due to the regular occurrence of the truck driving in front of the residence.

Sgt. Pesterfield LCSO, responded to the above address. Deputy made contact with the victim above who stated the same truck being driven by James Robinette and occupied in the front passenger seat by Steven Stringer, drove by her residence again revving the engine causing the vehicle to backfire over and over. The victim does have a video of this. The victim witnessed Steven Stringer produce a black pistol and point it in her direction as the vehicle drove by. This placed the victim in reasonable fear

of serious bodily injury or death. Due to the totality of the circumstances, the deputy am charging Steven Stringer with aggravated assault and aggravated stalking and also charging James Robinette with stalking.

Sgt. Pesterfield, Cpl. Wal-len, and Deputy J. Davis III, located Mr. James Robinette

at his residence at C St. Lenoir City. He was placed in custody for the active warrants. We then located Mr. Steven Stringer at his girlfriends residence at B St. Lenoir City. He was placed in custody for the active warrants. Both subjects were transported to the Loudon County Jail without incident.

CDC

Sepsis is the body's extreme response to an infection. It is a life-threatening condition that requires urgent medical care to prevent tissue damage, organ damage, and death. In a typical year, at least 1.7 million adults in America develop sepsis and at least 350,000 adults who develop sepsis die during their hospitalization or are moved into hospice care. Most adult patients with sepsis (87%) are brought to the hospital with an infection that is not getting better and almost any infection, including COVID-19, influenza, or RSV, can lead to sepsis.

The Sepsis Core Elements are intended to be a "manager's guide" to organizing staff and identify the resources that will help bring sepsis rates down and survival rates up. Sepsis care is complex. The Sepsis Core Elements approach is an important step to help hospitals structure their sepsis programs to coordinate multiple departments and disciplines and effectively manage the multifaceted care needed. Based on CDC's 2022 National Healthcare Safety Network Annual Survey of hospitals, only half (55%) report that they integrate Antibiotic Stewardship Programs, for example, to monitor and review antibiotic and antifungal use in sepsis care. This presents an opportunity to improve a vital component of a patient's successful recovery from sepsis.

Modeled after CDC's Core Elements of Antibiotic Stewardship, which has proven to be an impactful resource to protect patients from the harms caused by unnecessary antibiotic use and to combat antimicrobial resistance, the Sepsis Core Elements were created with the expectation that all hospitals,

regardless of size and location, would benefit from this resource and incorporate the following elements into the foundation of a strong sepsis program:

Leadership Commitment: Dedicating the necessary human, financial, and information technology resources.

Accountability: Appointing a leader responsible for program outcomes and setting concrete program goals.

Multi-professional expertise: Engaging key partners throughout the organization.

Action: Implementing structures and processes to improve the identification of, management of, and recovery from sepsis.

Tracking: Measuring sepsis epidemiology, outcomes, progress toward program goals, and the impact of sepsis initiatives.

Reporting: Providing usable information on sepsis treatment and outcomes to relevant partners.

Education: Providing sepsis education to healthcare professionals during onboarding and annually.

"CDC's Hospital Sepsis Program Core Elements are a guide for structuring sepsis programs that put your healthcare providers in the best position to rapidly identify and provide effective care for all types of patients with sepsis," says Raymund Dantes, M.D., MPH, CDC medical advisor. "The seven elements complement clinical guidelines by describing the leadership, expertise, tracking, education, and other elements that can be implemented in a wide variety of hospitals to improve the quality of sepsis care."

The launch of the Sepsis Core Elements coincides with Sepsis Awareness Month.

Horoscopes

thought in it than the other. Look before you leap!

Scorpio 10/23-11/21

Is it time to take a more drastic approach to solving a problem, Scorpio? If you've made several attempts to resolve your trouble to no avail, it might be something to consider.

Sagittarius 11/22-12/21

Tap into your creativity to unblock your emotions today, Sagittarius. This can be a more powerful tool than you realize. Creativity is a big part of you - almost as big as communication.

Capricorn 12/22-01/19

You may need to deal with disapproval today, Capricorn. This will likely come from someone you see as a superior or authority figure, perhaps a parent or teacher.

Aquarius 1/20-2/18

Taking time alone is essential for everyone, Aquarius, but recognize when you're isolating yourself to the point where it's unhealthy. If you ask why you're taking this time and answer because you're avoiding something or someone, you need to reconsider.

Pisces 2/19-3/20

Watch out for the green-eyed monster today, Pisces. It can rear up

before you even say the word "jealousy" if you're not on your guard. Aries 3/21-4/19

You may feel insecure about your appearance today, Aries. This can be a vicious cycle, and the end result is almost always negative. Rather than picking yourself to pieces, find ways to accept your looks.

Taurus 4/20-5/20

Jealousy might rear its head today, Taurus. The key to coping with it is to understand why you feel insecure. If you're jealous of a partner, why is this? Is trust an issue?

Gemini 5/21-6/20

Arts and crafts may hold your interest today, Gemini. Even if you lean more toward sports, an artistic streak likely runs pretty strong in you.

Cancer 6/21-7/22

Getting along with others may prove challenging today, Cancer. The planetary aspects can have you isolating yourself. You might feel impatient and easily annoyed.

Leo 7/23-8/22

Don't be surprised if you're a little weepy today, Leo. The day's planetary influences could enhance your sensitivity to everything, including your feelings. Let yourself cry if you need to - it can be cleansing.

Police beat

Bradley Bragg, 31, Watt Road Sweetwater, was charged with Violation of Probation, Driving Unregistered Vehicle, Theft of Property, Legend Drugs, Financial Responsibility Law, and Driving on Revoked/Suspended License.

Officer G. Butler LCPD, was alerted by ALPR of a stolen tag entering the city on U.S. Highway 321 near City Park Drive. Shortly after the officer observed the vehicle on 321 near Simpson Road and verified the Tag 459 BHJT was entered into NCIC as stolen. During a traffic stop, Officer Lee made contact with the driver, Bradley Bragg, and detained him. Bragg gave officers consent to search the vehicle which resulted in locating 57 Bupropion XL pills and a prescription bottle that did not match Bragg.

Records check through central dispatch revealed Bragg's license to be revoked for a prior DUI conviction and an active warrant for his arrest out of Loudon County General Sessions Court for VOP. A records check on the vehicle VIN revealed the vehicle is unregistered and uninsured. The stolen tag was removed from the vehicle and submitted for evidence. Bragg was then taken into custody and transported to Loudon County Jail without further incident.

All the above did occur in Loudon County, Lenoir City TN.
