## Apprentice Population in Tennessee Sees Rapid Rise

Tracy Totten

(see DUI pg. 3)

The Tennessee Comptroller's Office of Research and Education Accountability (OREA) has completed new research into registered apprenticeships in Tennessee. Registered apprenticeships are a work-based learning model that combines on-the-job training, paid work experience, classroom instruction, and mentorship.

From 2014 through 2023, the number of active registered apprentices in Tennessee grew from 4,300 to 8,423, with much of that growth occurring since 2021.

As of June 30, 2023, Tennessee had 914 total registered apprenticeship programs. The largest industries, by total number of active apprentices, were construction (4,739) and manufacturing (1,201).

Public administration, educational services, and utilities apprenticeships rounded out the top five. The occupation with the most apprentices was electrician. Roughly half of apprentices who begin a program complete their apprenticeship.

The growth in the active apprentice population is significant. see Apprentice pg. 5

Scorpio 10/23-11/21

Consider going on a trip with a close loved one, Scorpio. A long-term break from the current reality may be just the thing needed to infuse a new blast of romance into

your life. If you're unattached, you might find that going on an adventure to a foreign country results in meeting the love of your life. Sagittarius 11/22-12/21

Today is one of those days in which if you want love, you need to go out and get it, Sagittarius. Don't waste your time sitting at home and sulking. Be adventuresome and take that first step. You're the only one who has the ability to pull yourself out of the rut, so do it. Capricorn 12/22-01/19

Things should flow extremely well for you today, Capricorn, especially when it comes to anything having to do with love and beauty. Throw a party, or at least invite some close friends over for dinner. A tremendous fire from within fuels your romantic and social nature. Aquarius 1/20-2/18

gressive attitude toward love and romance if you want to receive any attention in that area. Feel free to go for the gold. Pisces 2/19-3/20

Your love life is a kaleidoscope of shapes and colors today, Pisces, full of complicated patterns and ever-changing displays of beauty. A new perspective is revealed everywhere you turn, and you learn something new about yourself and the people you're involved with. Aries 3/21-4/19

Turn up your aggressive nature regarding your romantic life, Aries. You may find that a small spark is all that's needed to rekindle a smoldering fire. You may be going through a period of transformation right now when it comes to this area of your life. Taurus 4/20-5/20

Today is a very powerful day for you, Taurus. You may find yourself going to extremes in certain areas of your life, espe-

cially when it comes to your romantic nature. You could be pulled way over to one side and then to the other.

Gemini 5/21-6/20

You may not understand what all the fuss is about today, Gemini. Suddenly there's a fire burning all around and you may be left questioning the motivations behind others' actions. You may not be able to make heads or tails of the situation, so don't waste your time trying to figure it all out. Let it be. Cancer 6/21-7/22

Get your broom out of the closet today, Cancer. Your job is to brush away the cobwebs from the corners of your emotional bedroom. Use the intense transformative energy of the day to say goodbye to stale and unsatisfactory relationships that have left a bad taste in your mouth. Ignite the fire of a new situation and consciously try to establish new habits so that old patterns don't continue to repeat themselves.
